

Gravis Seat

As part of the three-product Gravis range (along with the Gravis Bench and Gravis Table) this seat is a combination of concrete with either timber slats or steel grid design seat and backrest. It's a simple, long-lasting seating solution ideal for various public outdoor spaces.

Part of its appeal is the Gravis Bench's flexibility, with many design variations available. As part of a modular range, this seat is available in a wide selection of finishes and styles in steel, timber or a combination of both. It's a great addition, whatever your environment.

L: 2180mm x D: 620mm x H: 900mm
