

Inspira Linear

Inspira is a flexible, modular retaining wall system, perfect for creating raised planting schemes in any location. The ease of installation makes Inspira a quick and cost-effective addition to street, courtyard and roof terrace developments. Inspira is available in a wide variety of materials, finishes and sizes to meet the requirements of any site.

Inspira Linear is a collection of straight walls and angled corners, designed for geometrically-shaped installations (squares, rectangles, parallelograms, triangles etc.) Linear can also function as a low-cost alternative to complex curved schemes, using its variety of angled connectors to match design intent.

Manufactured to suit customer requirements

INSPIRA COMPONENTS Linear

		Lengths (mm)	Heights (mm)	Angles (°)
