

## Classic Smoking Shelter

The Classic Smoking Shelter is a versatile freestanding barrel roof structure with steel beam supports and a roof frame that is clad with translucent cellular impact and fire-resistant 6mm polycarbonate with UV protection. The side and back cladding is shatter-resistant toughened safety glass with a thickness of 8mm, with safety signage etched into the glass.

### Customisable options include:

- Powder coating in a range of RAL colours
- Surface or subsurface mounting
- Guttering

### Advantages of this design include:

- Barrel roof for water run-off
- Minimal design increases usable space beneath
- Does not require fixing to the building
- Low Maintenance

### Ideal for:

- Smoking/vaping shelter

Our steel structures are manufactured to BS EN 1090 standards.

L: 2500mm x D: 1560mm x H: 2680mm
